CIA2 Neon College-Event Poster: Step-by-Step Guide

> This is an execution guide, not a completed assignment. It does not upload or submit anything. Review the finished work yourself before uploading it to Google Classroom.

Classroom Record

Item	Exact Classroom information
Course	BDES 107 | Visual mastery- The Art of Professional Graphic Design
Section	Fall2026 | Atlas Elective | FYS | Sem 1
Assignment title	CIA2
Type	Assignment
Teacher/author	Ashish Kumar
Status / submission state	Assigned
Due	Not shown
Posted/assigned date	Sep 1
Points	100 points
Grade awarded	Not shown
Topic	Not shown
Classroom URL	https://classroom.google.com/c/Nzk4NTExNzczODE1/a/ODcyNTQwNTYxNzIy/details

> Classroom shows only “Sep 1”; the year and whether this label means posted or assigned are not shown. No due-date label appears; the coordinator’s audit list says “No due date.” No separate grading rubric or point breakdown is shown.

Required by Classroom

Focus and effects

- ☐ Choose a college event or activity as the poster focus, for example a concert, sports event, or cultural festival.
- ☐ Embrace a neon glow theme to give the poster vibrancy and energy.
- ☐ Experiment with bold, bright neon colors to create an eye-catching visual impact.
- ☐ Incorporate a liquefy effect to add a dynamic, fluid element.
- ☐ Use liquefy to distort and warp specific elements, creating movement and excitement.

Design elements

- ☐ **Typography:** Experiment with bold, stylized fonts that complement the neon theme.
- ☐ **Graphics/illustrations:** Include relevant images or illustrations and emphasize the neon glow effect.
- ☐ **Event details:** Clearly present the date, time, venue, and any special instructions.
- ☐ **College branding:** Integrate the college logo or relevant branding elements.

Software

- ☐ Use graphic design software of your choice, for example Adobe Photoshop or Illustrator.
- ☐ Show proficiency in using neon glow and liquefy effects.

> Classroom does not show a required file name, file format, poster size, orientation, color mode, export setting, attachment, linked file, or template. Confirm any additional teacher instructions before submission.

Preparation and Materials

Required planning

Field	My confirmed choice or information
My college event or activity	_____
Date	_____
Time	_____
Venue	_____
Special instructions	_____
College logo or branding element	_____
Relevant image or illustration	_____
Graphic design software	_____

- ☐ Gather the selected logo or branding element.
- ☐ Gather relevant images or illustrations for the chosen event.
- ☐ Use software that can create neon glow and liquefy effects.

Suggested workflow preparation

> The following items are suggestions, not Classroom requirements.

- ☐ Suggested: make a working folder for assets, the editable file, and exports.
- ☐ Suggested: keep an untouched copy of the original branding asset.
- ☐ Suggested: confirm all event information before building the final layout.
- ☐ Suggested: save the editable design regularly.

Numbered Execution Steps

> The order below is a suggested workflow. The required content and effects come from the Classroom instructions.

1. [ ] Fill in all planning fields above. Leave undecided content blank until it is confirmed.
2. [ ] Create a poster document in the selected software. Suggested: follow any document settings that the teacher provides later; none are visible in Classroom.
3. [ ] Make the chosen college event or activity the clear focus.
4. [ ] Add the event date, time, venue, and special instructions. Make them clear and easy to find.
5. [ ] Integrate the college logo or relevant branding element.
6. [ ] Add relevant images or illustrations.
7. [ ] Build the neon glow theme with bold, bright neon colors. Aim for vibrancy, energy, and an eye-catching visual impact.
8. [ ] Emphasize the neon glow effect in the relevant images or illustrations.
9. [ ] Experiment with bold, stylized fonts that complement the neon theme.
10. [ ] Apply liquefy to selected elements. Distort and warp them to add a dynamic, fluid quality and a sense of movement and excitement.
11. [ ] Review the poster against the quality checks below and correct missing or unclear items.
12. [ ] Save the editable file. Export only after checking for any teacher instructions about format.

13. [ ] Open and inspect the exported file before uploading it. This guide does not upload or submit it.

Quality Checks Tied to the Visible Criteria

> No separate rubric is shown. These checks map to the visible instructions for this 100-point assignment.

Visible criterion	Check
College event/activity focus	[ ] A viewer can identify the chosen event or activity.
Neon theme and color	[ ] Neon glow plus bold, bright neon colors create visible vibrancy, energy, and impact.
Liquefy effect	[ ] Specific elements are distorted or warped to create a dynamic, fluid sense of movement and excitement.
Typography	[ ] Bold, stylized fonts complement the neon theme.
Graphics/illustrations	[ ] Relevant images or illustrations are present and emphasize neon glow.
Event details	[ ] The correct date, time, venue, and special instructions are clearly presented.
College branding	[ ] The college logo or relevant branding element is integrated.
Effect proficiency	[ ] Neon glow and liquefy effects appear deliberate and controlled.

File and Export Naming

Required by Classroom

- No required file name or export format is shown.

Suggested workflow

> These are suggestions, not Classroom requirements.

- ☐ Editable working-file name: _____
- ☐ Submission-file name: _____
- ☐ Confirmed submission format: _____
- ☐ Suggested: use a clear file name that identifies CIA2, the student, and the chosen event.
- ☐ Suggested: export at a quality that keeps the type, graphics, glow, branding, and event details clear.
- ☐ Suggested: open the export and check for clipped text, missing assets, unreadable details, or changed effects.

Final Pre-Submission Checklist

- ☐ My poster focuses on a college event or activity.
- ☐ It uses bold, bright neon colors and a visible neon glow theme.
- ☐ Liquefy distorts or warps specific elements to create movement and excitement.
- ☐ Bold, stylized typography complements the neon theme.
- ☐ Relevant images or illustrations emphasize the neon glow effect.
- ☐ The correct date, time, venue, and special instructions are clear.
- ☐ The college logo or relevant branding is integrated.
- ☐ The neon glow and liquefy effects show proficiency.
- ☐ I checked Classroom for new instructions, due information, or file requirements.
- ☐ I opened and inspected the exact file that I plan to upload.
- ☐ I personally reviewed the work before uploading it.
- ☐ I understand that this guide does not upload or submit anything.
